## Elective Course Fees

St Columba  
Anglican School

Within some applied learning areas in Secondary School, certain subjects and courses involve additional costs. These courses attract a fee to supplement expenses such as performance tickets, materials, tools, equipment maintenance, specialist software licensing and training, and other necessary consumables which enable the running of the course. These fees will be issued through the School's online Parent Portal. Dependent on the course, a fee is payable for each student per semester or year.

### Refunds for Change of Subject

Many of the funds from fees are pre-allocated to the purchase of equipment and resources for use from the first day of classes. In appropriate circumstances, SCAS may agree to credit up to 50% of the course fee in the following conditions:

- For annual courses, where a student changes subject before the end of Term 1, a 50% refund may be granted.
- For semester 1 courses, where a student changes subject before the end of Term 1, a 50% refund may be granted.
- For semester 2 courses, where a student changes subject before the end of Term 3, a 50% refund may be granted.
- Where a student changes subject any time after the above times, no refund of course fees will be given.
- Where a student commences any time after the first day of the course, they are subject to the full fee cost.
- Final determination of any such request will be at the discretion of the Head of Secondary School.
